- Investigated a fire on Hickory Road

Fleet Services Report

February 2024 Operations Report

Officer Development -Reported by D/C Hedges

January meeting- Cancelled due to inclement weather.

Fire Suppression & Training-Reported by Battalion Chief Williams

1,148 hours were spent on fire training which focused on health and safety. On average, each firefighter trained 18.5 hours this month.

Average hours per month of fire training per member

Week 1 Accident Prevention and Vehicle Safety

Crews were trained on accident prevention and vehicle safety. We looked at trends not only in WFRD but nationwide and ways to prevent them.

Week 2 Line of Duty Death Case Study

Crews participated in a line of duty death drill. Each crew at each station presented on a line of duty death case study. We use these investigations as a way to increase our understanding of their causes and how they can be prevented.

Week 3 Firefighter CPR

Crews trained on the fastest way to remove the turnout gear from a firefighter suffering a cardiac arrest with minimal interruption to compressions.

JPR Monday- Emergency Plug (EV Immobilization Device)

Other Fire Training for the month-

- 5 Command Positions
- Computer Security Awareness
- Monday Morning Quarterback
- Monthly drivers training

OSFM Certification-

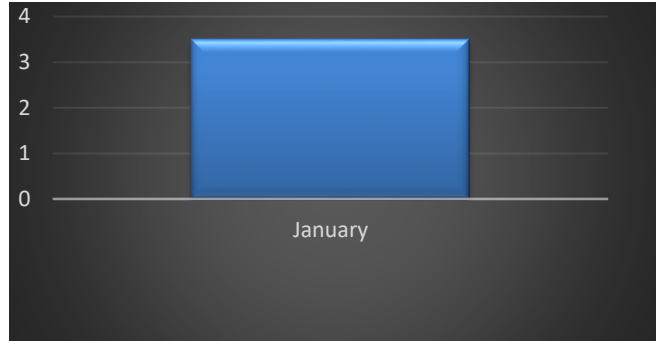

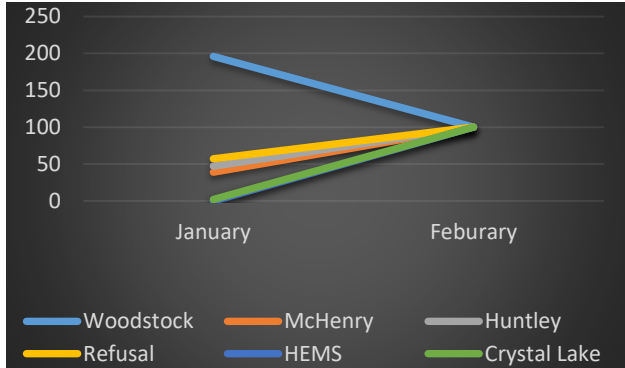

Zamora	Anthony	Advanced Technician Firefighter
--------	---------	---------------------------------

February 2024 Operations Report

Emergency Medical Services-Reported by B/C Lesniak

Avg. hours per month of EMS training per member

EMS Training

Members completed 187.5 hours of continuing education this month, an average of 3.5 per member. For the month of January in house training was provided by on duty EMS educators and consisted of every department EMT and Paramedic performing their quarterly skill validations on: Igel placement, Video Assisted Intubation, Manual CPR, and Autopulse deployment. The EMS office provided training to all three shifts on patient assessment.

The optional vector solutions EMS course for this month was on the management of acute coronary syndrome (heart attack) management.

On January 13, we had an opportunity to connect with a local non for profit based in Woodstock called Macyn’s Jars. They make jars filled with toys for children to help distract them during stressful times. They have agreed to provide us with jars at no charge, which was posted to our Facebook account and received a large amount of traffic.

Black Shift Activities-Reported by Battalion Chief Lesniak

February 2024 Operations Report

- Community Engagement
 - Assisted Flocon with a waterflow exercise to troubleshoot their fire suppression system
 - Hosted Macyn Jar representatives
 - One ride along session
 - One CPR class
- Training
 - Station One is in the process of heavy investment in the in-house professional development of a new truck operator and two new company fire officer candidates.
 - Station Two spent the month focusing on fire engine operator review as well as working with a new recently licensed paramedic to get him more comfortable to be independent and complete EMS probation
 - Station Three having both one of our newest firefighters and one of our most senior firefighters has been working hard on “back to basics” to help the new firefighter succeed.

February 2024 Operations Report

General Maintenance:

- Station 3 bay floor heater not heating just power cycling. Jensen's replaced the inducer assembly along with the pressure switch.
- Station 1 eye wash bottles out of date. Eye wash bottles replaced.
- Station 2 south side toilet in locker room leaking at the base. Need to have it repaired by Jensen's.

Information Technology-Reported by Battalion Chief Nieman

Verizon: Lt. Potoczky met with Verizon rep. and went over the account to make sure we are on the best plan that is most cost effective for the district. All officers, engine, and ambulance phones have been updated to 5g phone with better coverage. These phones were replaced at no cost to the district. The only cost was for the new cases which amounted to \$80.00.

MCETSB: ETSB had a network issue this month connecting with station 2. Lt. Potoczky worked with ETSB to get the issue resolved.

VOIP: Found a broken base to a phone. Will replaced from a spare phone.

Email: Office 365 has been pushed back to 2025.

iPads: New iPads have arrived along with the cases and mounts. Mounts will be given to Mike Shannon to install in the ambulances.

Computers: Having a small issue with two computers. COW has been working on solving the problem.

Network: UPS is back in service.

First Arriving: Nothing to Report.

Software: Brett was asked to meet with DC Hedges to get the information he needed to install Adobe. Bitdefender had a problem backing up this month. Brett quickly resolved the problem and is working normal.

Printers: Having a faxing issue at the outlying stations. COW has been working on the problem.

Misc.: CMFP (Door entry system) update. The door strikes are installed along with the card reader. All card readers are operational. Station 3 system has been switched over from door king. Waiting for locksmith to install hardware on station 2 and 3 kitchen doors.

Red Shift Activities-Reported by Battalion Chief Nieman

- NERCOM Dispatcher ride along.
- McHenry High School Student ride along.

Specialized Response Teams-Reported by Battalion Chief Beatty

Dive: No report.

Hazmat: No report.

TRT: One member attended drill.

Honor Guard: Attended funeral, conducted training, and attended AFFI honor guard convention.

Fire Investigator: No investigations.

Juvenile Fire Setter: Nothing to report.

TEMS: No report.

SRT Mechanic: Attended training and meetings as above.

Fire Equipment -Reported by B/C Beatty

Hose: Inventoried, replacement lengths being ordered.

SCBA: Nothing to report.

Monitoring: Nothing to report

Ladders: Repaired rivets on the 20' roof ladder on 481

Small tools: Review of all fire rigs was completed. Missing items have been ordered and replaced.

February 2024 Operations Report

Extrication/Power Tools: Nothing to report
