News Release: Kitchen Fire Displaces Two On Davis Road

News Release

On Wednesday, October 1, 2025, at 7:40 p.m., the Woodstock Fire/Rescue District was dispatched to the 13300 block of Davis Road in unincorporated Woodstock for a reported residential structure fire. While en route, additional information was received from the caller reporting the kitchen was on fire. Given the rural response area and lack of hydrants at the address, the incident was upgraded to a working fire, prompting the request for additional resources.

Firefighters arrived within minutes and observed smoke showing from a single-story residence. Both occupants had safely exited the home and were awaiting the arrival of fire crews. Firefighters deployed hose lines and made entry, encountering fire conditions in the kitchen. The fire was quickly extinguished before it spread further into the home.

Although the fire was contained to the kitchen, smoke damage was present throughout the residence. The house is considered uninhabitable until repairs are made. The American Red Cross was requested to assist the two displaced residents. The home also contained several dozen animals, including cats, rabbits, and reptiles. McHenry County Animal Control was notified, and no animal deaths were reported.

The cause of the fire remains under investigation by the Woodstock Fire/Rescue District.
